

Remarks

The specification has been amended to incorporate recommended headings and subheadings, and to add a brief description of the drawings, all recommended by the United States Patent and Trademark Office.

The claims have been rewritten in U.S. format, eliminating multiple dependent claims, and with respect to former claims 11 - 20, eliminating drawing numerals. Present claims 21 - 30 are believed to correspond substantially to former claims 1 - 10, while the same is true with respect to former claims 11 - 20 and new claims 31 - 40. No new matter has been added.

The claims have been indicated by the PCT Examining Authority to fully meet PCT requirements of novelty, inventive step (non-obviousness), and utility. Early favorable consideration is respectfully requested.

Respectfully submitted,

Harald Michl et al.
